

BOSTON ATHENAEUM**10 Beacon Street, Boston**

This is the largest of the nation's extant early proprietary libraries. Privately founded and funded in 1807, prior to the time free public libraries became the norm, it remains a leading research center for scholars of American history. Portions of the libraries of George Washington and John Quincy Adams, and — perhaps surprisingly — a huge collection of Confederate imprints, are among the Athenaeum's treasures.
